## FALMOUTH PEOPLE INJURED IN AUTO ACCIDENT.

The inevitable result occurred near this city Sunday morning, when a party of Falmouth people, racing in automobiles, were thrown from their machines, and the machines wrecked. The accident occurred on the sharp curve on the Cynthia pike, near the home of Mr. J. Miller Ward.

A large touring car, occupied by John Beckett, his wife, his ten-year-old son, Abner Beckett, and his mother-in-law, Mrs. Martha Moore, all of Falmouth, were, according to the statements of witnesses, racing at the rate of sixty miles an hour, with another machine coming to Paris. As they approached the curve near the Ward place, which is becoming a rival to "Dead Man's Curve," near Lexington, the cars were only a few feet apart. The first car, occupied by Harry Moore, his wife and son, Clay Moore, wife and two children, got safely by the curve. As their machine rounded the curve in advance of the Beckett car, Mrs. Clay Moore, happening to look back, saw the Beckett machine plunge from the road over the embankment at that point. She called to her husband to stop. When the Moores reached the Beckett car, which had turned turtle, going down the embankment, they found the occupants pinned beneath it. Mrs. Martha Moore and Miss Irene Moore, who were in the Beckett car, were taken to a neighboring farm house, and physicians called from Paris, who gave them medical attention. Mrs. Beckett sustained a severe scalp wound, the boy a broken jaw, and Mr. Beckett and Mrs. Moore were badly bruised. The injured were moved to the Massie Memorial Hospital, in this city, where they were reported yesterday as resting comfortably.

## VIOLATORS OF GAME LAWS ARRESTED.

"Thou shalt not kill"—game out of season, is a commandment that will no doubt be more highly respected in the future by several men of the Ruddles Mills vicinity, who will know better next time.

Executive Agent J. Quincy Ward, of the State Game and Fish Commission, visited Paris last week, on a quiet inspection of conditions here. In company with County Game Warden Douglas Thomas, Sr., he visited the Ruddles Mills vicinity Saturday, where Mr. Thomas served warrants on the following parties, charged with offenses against the game laws: Luther Linville, hunting without license; Bedford Whitson, shooting rabbits out of season; Leslie Lawrence, same charge; Elmer Linville, same, and hunting without license; Albert Cameron, same; Ora Owens, hunting without license. The men were summoned to appear for trial before County Judge George Batterton.

The State authorities give notice that the open season on rabbits does not begin until November 15. All County Game Wardens in the State will be on active duty from now on until the close of the season on December 31. All hunters must have the proper license, and must have it with them when hunting. This is imperative, in order to avoid trouble. The easiest way out, as pointed out by Mr. Ward and Mr. Thomas, is for all to obey the law, which will be strictly and impartially enforced.

## SPEEDERS ARRESTED AFTER FOOTBALL GAME.

Coming from the Lexington-Paris football game on Wright Field last Friday afternoon, fifteen speed demons who thought they had but a few moments to live, burned the wind coming down Main street. The vigilant eye of the law was upon them, however, and the numbers of their machines were taken. On orders issued by Mayor January, Chief of Police Link, Patrolmen Judy and Lusk, notified the parties to appear in Police Court before Judge Martin, to answer to the charge of violating the speed laws.

Walter Payne, Ernest Darnaby, Mrs. George Current, Mrs. A. J. Winters, Mrs. Edward Burke, Mrs. Wm. O. Hinton, Mrs. Robert Meteer, Mrs. Owen L. Davis, Misses Mary Spears and Helen Hutchcraft, Mayor E. B. January, Dr. A. H. Keller, Mrs. Fanniebell Sutherland and officers of the Commercial Club were made ex-officio members of the Board by virtue of their office.

From the Board the following officers were selected to serve for the ensuing year: James Caldwell, president; Mrs. Robert Meteer, first vice-president; Mrs. A. J. Winters, second vice-president; W. The report of the Home Service, as made by Miss Mildred Collins, showed 28 Bourbon county men on record as having been discharged from the army, 16 because of tuberculosis, two were gassed and one shell-shocked. The report for September showed service rendered to 37 families; information to nine families; 16 visits to homes; 20 collateral visits to employees, landlords, etc.; 60 letter written; 61 people calling at the office for service.

## "COME ALONG" TO THE GRAND TO-NIGHT!

To-night is the date that the musical comedy success, "Come Along," comes along to the stage of the Grand Opera House with its clever company numbering 35 people and with song hits that make it one of the treats of the season, to say nothing of comedy that sparkles, costumes that are the niftiest ever worn by a chorus that sing and dance, and as for looks, well, we'll say they are "there" in every sense of the word.

New York thought so, too. That's the reason "Come Along" tarried at the Nora Bayes theatre for a successful run until New York audiences were able to whistle the catchy tunes and liked them so well that popularity soon became the middle name of the show. With pretty girls, stunning costumes and a clever comedy its necessary that a background of beauty and color be supplied to properly set off the ensembles to the highest degree and in the three special sets carried by the organization this feature has been adequately taken care of.

Paris audiences are always partial to real snappy "girl" shows and in "Come Along" they have everything that can be desired to make an evening's enjoyment.

## FOUR BALLOTS WILL KEEP CLERKS BUSY.

The office of clerk of the November election will be no sinecure this time, as they will be required to put in a vast amount of clerical work, in writing names of voters on ballots, stubs, making out tally sheets, etc. At this election the voters of the county will be confronted with four ballots, while in Millersburg the city election will add to the trials and tribulations of the officials.

THE NEWS job rooms last week completed and delivered to County Clerk Pearce Paton the ballots for the election to be held November 4. They are five in number. In the city of Paris the voter will be handed four ballots, the regular State ticket ballot for the two parties; the prohibition amendment; the city election for Councilmen, and the \$60,000 sanitary sewer bond issue, all to be voted on there will be three ballots. If we miss it not, there will be several cases of "pen paralysis" among the clerks of the election before the returns are completed and ready to be delivered to the County Clerk's office.

## SUIT OVER MULE LASTED SIX YEARS.

A law suit over a mule valued at \$135, which has been pending in the Montgomery Circuit Court for six years between John Gremwade, of Mt. Sterling, as plaintiff, and Wm. H. Whaley, of Paris, as defendant, has been decided in favor of Mr. Whaley.

Six years ago the case was tried twice in the same day without a verdict being rendered. The case was then assigned to the Circuit Court, and was four times assigned for trial, and passed at heavy cost to both litigants in court fees.

Whaley won out on the facts proven, and the law. It is estimated that the costs in the case will aggregate over \$1,000.

## STOLL OIL CO. PLANT AT LEXINGTON BURNED.

The plant and office of the Stoll Oil Company, a two-story brick building on Bellaire avenue, in Lexington, was destroyed Friday afternoon by fire, which started when a back-fire from a pumping engine ignited some lubricating oil.

A C. Stokley, sales manager for the company, said it was not possible to place an estimate on the loss, which would, however, prove to be large as in addition to the plant and stock lost a large amount of valuable equipment was destroyed.

## PARIS GIRL SEES BALTIMORE FROM CURTISS AIRPLANE

Miss Glennie Lusby, formerly of Paris, who is now reconstruction aid in the U. S. Army General Hospital No. 2, at Fort McHenry, near Baltimore, Maryland, recently had the unique pleasure of inspecting Baltimore from an altitude of four thousand feet, making the flight in an army Curtiss sea-plane. In a letter to a Paris friend, Miss Lusby tells something of her experience:

"I have always said there are no impossible things. About twelve years ago I wanted to go up in a balloon, but my family were so horrified that I gave it up. Not so the idea, however. Instead I vowed to have an air trip the first opportunity that presented itself.

"That opportunity came recently when properly coated and goggled, I entered a Curtiss seaplane, and had an hour's trip over the city of Baltimore at an elevation of four thousand feet. After being seated the motor was started and we glided along on the water for a few hundred feet, then the graceful nose of the seaplane slowly lifted, and almost before I knew it, we were flying along between land and sky, and looking at the most glorious panorama of water, land, city, parks, etc., that I have ever seen. Dizzy? No. Sick? No. Nor did the sudden elevation leave other than a slight ringing in my ears after I had landed.

"We were going smoothly along at the rate of seventy miles an hour, when a sudden dip made me clutch the side of the car, and I realized that we were preparing to land. In a slowly narrowing spiral we at last reached the water, and glided into port, and I stepped out, having had a thrill such as I hardly dared expect. The pilot told me if I cared to make another flight he would teach me how to steer the aircraft, so I am expecting to make another flight soon. I may visit Paris in an airplane some time next summer."

## GIRL ARRESTED CHARGED WITH STEALING CLOTHES

Irene Wigglesworth, a young Lexington girl, was arrested in that city Friday afternoon by Patrolman McCarthy on a charge of being a fugitive from justice. The girl, it is alleged, was charged with stealing clothing belonging to Mrs. Grace Whalen, of Bourbon county, while in the employ of the Whalen family, who reside near Paris. The arrest was made on a warrant issued by County Judge George Batterton, of the Bourbon County Court.

There are no clothes made where the measure of value is greater than in STEIN-BLOCH SMART CLOTHES—where you will find such a complete and satisfying combination of tailoring, style, high quality of material, and all other factors that enter into genuine worth.

We know, from our long experience in the clothing business, that we could offer you no better clothes at any price. No better are made. And it is a great source of satisfaction to us to be able to offer such clothes at prices you would ordinarily expect to pay for clothes of inferior quality.

## EDITORIAL MUSINGS.

**Garden of Eden Rich Here.**  
A lot of high-brows are again searching for the Garden of Eden and authorities agree that it is located somewhere in the Mesopotamian Valley within the area of those two great rivers, the Tigris and Euphrates.

Just what those old bookworms and scientific gents want to be prowling around southwestern Asia in search of "a fertile and happy region," as the dictionary states the Garden of Eden to be, is beyond our ken, for our notion of that section of the globe is sort of mixed up with grouchy camels plowing around knee deep in sand, smelling like an Egyptian cigarette and going without a drink for weeks at a time. The original place where our first parents were placed during their period of probation may be over where the sad-eyed Sphinx keeps mum or yet leftwise toward the sea that is red with crocodiles with mouths like U. S. Senators, that eat up nigger babies and where Pharo's daughter, (according to her testimony in the case) found little Moses paddling among the bullrushes, but if the dic-

The nearest place to the land of milk and honey, or fig and apple orchards, this scribe has ever ran across in his multitudinous meanderings is right here in the good old U. S. A.

## Water Is Fine Stuff.

Several orthodox denominations are making a fuss again over the old question of whether one should be sprinkled or immersed when accepted into the fold. Ah, don't quarrel over technicalities, brothers. Give 'em both, and if that is not enough pour some of it down the inside. Water is a fine remedy for most everything. And if water isn't strong enough, try sheep dip.

## Milk and Money and Coin

It is mighty nice out in the country where the fields are ripe, the flowers blooming, and the birds making love, and where the barefoot boy with cheeks of tan and one gallus worries the fleet-footed angle worm with a narrow-gauge plow, and hikes over the dew bespattered meadows after the brindle cow with the crumpled horn. We'd be a farmer in a minute if we only knew how and had sense enough.

## Not Much Danger

An exchange worries for fear women will catch cold if they don't quit going bareheaded. With the more or less gentle sex having an abundant head of hair to start with and reinforcing that with baled hay, felt mattresses, rats, puffs, excelsior switches, a gross of hairpins and a yard or two of six-inch ribbon, the danger is not apparent.

## WILL THE INFLUENZA RETURN?

Public Health Authorities Predict  
Its Recurrence

Guard Against It By Building Up  
the Blood

Pepto-Mangan Creates Rich Red  
Blood and Increases  
Strength

Surgeon General Blue, of the United States Public Health Service, in a recent statement from Washington, warns the public that the much-dreaded influenza epidemic will probably return this fall and winter. All medical authorities agree that the weak, bloodless, rundown individual is more likely to contract this (as well as any other infectious disease) than is the strong, robust and red-blooded man or woman. In view of these facts, it is wise to use every effort to build up the blood and thus increase the bodily resistance to the invasion of the germs of the disease. Guide's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Guide's Pepto-Mangan. When you order, be sure the word "Guide's" is on the package. Without "Guide's," it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.

### GIRLS! A MASS

OF WAVY, GLEAMY  
BEAUTIFUL HAIR

Let "Danderine" save and  
glorify your hair

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

Just moisten a cloth with a little "Danderine" and carefully draw it through your hair, taking one small strand at a time; this magically removes all dirt, excess oil and grease, but your hair is not left brittle, dry, stringy or faded, but charmingly soft, with glossy, golden gleams and tender lights. The youthful glints, tints and color are again in your hair.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair. Get delightful Danderine for a few cents at any drug or toilet counter and use it as a dressing and invigorator as told on bottle.

### TOBACCO STRIPPING AIDED BY THE RAINS.

Tobacco men of the county generally express themselves as being much gratified over the prospects for a splendid market when the warehouses open for business in December.

The weather of the past week has been decidedly favorable for stripping the weed. Generally October is a dry month, but the recent rainy weather was fine for handling tobacco and getting it "in case," without much waste or damage, and the growers of Bourbon county have been taking advantage of this condition to strip the weed and get it ready for early delivery to the market.

It is therefore anticipated that when the Bourbon market opens there will be plenty of tobacco on the floors ready for the buyers. Indications are that the market is going to start off strong, with prices ruling higher than last year at the opening.

### WHAT'S THE REASON.

Many Paris People In Poor Health  
Without Knowing the Cause

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Paris.

Mrs. John Mastin, 1439 High street, Paris, says: "I have used Doan's Kidney Pills with good results and I know from the help they gave me that they would be just as beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints, and if I should need a kidney remedy again I would certainly take Doan's."

Price, 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mastin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### Labor-Saving Devices.

Water is used to transport fine coal through pipes, and in Oregon a blast of air is used to load hay in freight cars. The hay is drawn up to a deck or float beside the car to be loaded, a crane then lifts the hay to this platform, and a blower, driven by a gasoline engine, hurls the hay forcibly into the car, picking it better than can be done with old-fashioned hand fork.

It's better to take chances on pauperizing some than to starve your own soul by denying aid to all.

## The Buick Built Crank Shaft

has been designated as the back bone of this famous  
Valve-in-Head Motor because it must withstand the  
impact of every powerful explosion that takes place  
in the Buick Valve-in-Head cylinder.

Strength, accuracy and toughness are the fundamental requirements—gauged, hammered and tempered into each crank shaft thru the rigid processes of expert machining, modern drop forging and special electric heating treatment.

Materials of the highest grade, Chrome nickel-steel of a special formulae subjected to rigid metalurgical and chemical tests, are other evidences showing how complete the Buick Factory is equipped to manufacture this important unit so essential in the successful operation of the powerful Buick Valve-in-Head motor.

The Lexington High School foot ball team came out on the long end of a 20 to 12 score on Wright Field, near Paris, Friday afternoon, in a hard-fought contest with the Paris High School team. The game was featured by the fast backfield running of Turner, for Lexington, and the defense work of Rice for Paris. Turner, Wallace and Bedford scored touchdowns for Lexington, while the first one for Paris was made by a thirty-five yard pass from Tucker to Rice. The second one came when McClintock intercepted a forward pass and ran eighty yards for a touchdown. Once Lexington advanced the ball to Paris' three-yard line, but couldn't advance another foot in four tries. The teams lined up as follows:

Lexington—Foster and Pettet, ends; Lougart and Gibson, tackles; Yakes, center; Beatty and Spillman, guards; Thompson, quarter; Turner and Wallace, halves, and Bedford, full.

Paris—Rice, Jacoby, Dundon, Welsh, ends; Taul and Arnsperger, tackles; Shively and Adair, guards; Baldwin, center; Roberts, quarter; McClintock, Tucker and Clarke, halves, and Denton, full.

Score by quarters:

Lexington . . . . . 7 6 7—20

Paris . . . . . 0 0 0—12

—James S. Wasson, aged five and one-half years, died at the home of his parents, Mr. and Mrs. Jos. Wasson, near Bunker Hill, this county, after a short illness of scarlet fever and diphtheria. The body was interred in the Carlisle Cemetery.

### McFARLAND.

—News has been received here of the death at Olathe, Kansas, of Mrs. McFarland, mother of Mrs. Layson Tarr, of Millersburg. Mrs. McFarland had been critically ill for several weeks, and her death, while not unexpected, came as a shock to relatives and friends. Mrs. Tarr was at her mother's bedside when the end came.

### GRAHAM.

—Mrs. Fields Jameson Graham, wife of Mr. Palmer Graham, and daughter of Dr. and Mrs. John W. Jameson, of Paris, died at her home in Terre Haute, Indiana, Friday night, after a long illness. Besides her parents, she is survived by her husband and one son, Jameson Graham; three sisters, Mrs. Walter Hedges, of Paris, Mrs. Fred Clark, of Chicago, and Mrs. Alexander Rumpel, of Indianapolis. The funeral and burial were held in Terre Haute, Sunday afternoon.

### WILLIAMS.

—Frank M. Williams, aged 93, one of the oldest citizens of Bourbon county, died Friday morning at the home of his son, Frank Williams, Jr., near Centerville, from the effects of a paralytic stroke he suffered two days before. Previous to this Mr. Williams had led an active life without any serious illness.

Considering his age, Mr. Williams was one of the most remarkable men in the State. Up to a few weeks ago he had worked daily on the farm, doing the same amount of work ordinarily done by a man of half his age. He was able to hold his own with any of the laborers on the farm in cutting and shucking corn, in harvest field work or any other form of farm labor. He was a native of Mason county, and came to Bourbon county about fifty years ago.

He is survived by his widow, Mrs. Sarah Williams; four sons, Darius Williams, of Scott county; Frank Williams, Jr., Centerville; Andrew Williams, Shelby county; Wm. Williams, Spencer county, one daughter, Mrs. Belle Jefferson, Bourbon county, and three grandsons, Carl, Tully and Kenney Williams, all of Paris.

The funeral was held at eleven o'clock Saturday morning, at the home of his son, near Centerville, with services conducted by Rev. W. E. Ellis, of the Paris Christian church. The interment took place in the Paris cemetery. The pall-bearers were: Carl Williams, William Williams, Garrett Williams and Andrew Williams.

### LYNE.

—Friends in this city and county heard with the deepest regret of the death Friday, in a private sanitarium in Lexington, of Mr. Robert B. Lyne, aged forty-five, after a short illness due to uraemic poisoning. Mr. Lyne had been ill only a few days, and had been removed to the hospital for treatment.

Mr. Lyne was one of the most popular young farmers in the county, his wholehearted, generous manner and his affability attracting and holding a large circle of friends. He was the son of the late Robert B. and Maggie Shawhan Lyne. He was born in Richmond, Virginia, and lived there until the death of his parents about thirty-five years ago, when he and his two sisters came to this county to reside. For the past fifteen years Mr. Lyne had made his home with his cousin, Mrs. Elizabeth Smith, at Broadwell, but of late had been engaged in farming near Shawhan. He was one of the organizers of the Elks Lodge at Cynthiana, and was the first Exalted Ruler of that order. He is survived by his widow, Mrs. Nellie Crombie Lyne, to whom he was married about sixteen months ago, and one sister, Mrs. Hume Payne, of near Paris.

The body was brought to the home of his father-in-law, Mr. Jas. Crombie, near Shawhan, Friday afternoon. The funeral was conducted at the Crombie home, Sunday morning at ten o'clock, with services conducted by Rev. J. B. Jones, of Cynthiana. The interment took place in Battle Grove Cemetery, Cynthiana, with committal services conducted by the Cynthiana lodge of Elks. The pall-bearers were: Active—H. C. Patterson, Dr. Geo. L. Rankin, Wm. O. Crombie, J. Hub Holliday, Dr. Lon Nevitt and R. S. Stivers; Honorary—Wallace W. Mitchell, Harry B. Clay, James H. Crombie, H. A. Lyne, S. H. McDowell and Will G. McClintock.

—Dr. Robert King, pastor of the Presbyterian church at Kingsport, Tenn., has declined the call to the pastorate of the Paris Presbyterian church, recently extended at a meeting of the congregation.

Hon. Ed. P. Morrow, Republican candidate for Governor, will speak at the court house Wednesday night at 7:30. This will be the last chance people of Central Kentucky will have to hear this distinguished orator. Women are especially invited.

Mr. Morrow is winding up the greatest campaign ever made by any candidate of any party and what he will have to say on this occasion will be the making of history.

REPUBLICAN CAMPAIGN COMMITTEE BOURBON COUNTY.

### HEAVY RAINS SWELL STREAMS.

Recent heavy rains have helped to swell the streams of the county until they are bankful and running over. One of the heaviest rains of the season fell Sunday morning. Townsend Creek, near Shawhan, rose so rapidly that the funeral cortege of the late Robert Lyne, en route to Cynthiana, was held up some time until it could get across. Several automobiles stalled in the middle of the stream, and had to be pulled out by a team of horses. The heavy rain forced many coming from Paris to attend the funeral to seek refuge in nearby farm houses.

### FALL SEEDS

Best quality Northern Grown Rosen Seed Rye, Less quantity per acre. Yields more than any other variety. Also have highest quality Seed Wheat and Timothy Seed.

CHAS. S. BRENT & BRO.

### BOX SUPPERS REALIZE HANDSOME RETURNS.

The pie supper given at the Escondido school house last week realized the sum of \$55, which will be devoted to the benefit of the Kentucky Orphans' Home at Louisville. A box supper given at the Clay's Cross Roads school also realized a handsome sum for the same purpose. At Millersburg the box supper given in the Graded School building for the Orphans' Home benefit, brought in a sum that largely exceeded expectations.

There will be a box supper at the Letton school house on next Friday night, October 31, for the benefit of the Orphans' Home. Miss Sallie Squibbs, teacher, and her pupils, extend a cordial invitation to the public to attend.

### MR. BRENT INTERVIEWED REGARDING HOGS VS. TURKEYS

Mr. N. F. Brent, who ships more dressed turkeys from the State of Kentucky than any one, when interviewed by a BOURBON NEWS man regarding the effect that the slump in the hog market might be on the Thanksgiving turkey market, stated it was his opinion that in as much as practically all of the turkeys from this section were sold on the holiday (Thanksgiving and Christmas) markets, the price of hogs would have very little influence on the price of turkeys. He stated further that, if the quality of the turkeys proved to be good and the weather was not too warm for dressing, he expected to see the farmers realize very high prices for their turkeys, even higher than they got last season. Turkeys sold last Thanksgiving at 25 cents a pound at the farmer's house.

# GOVERNMENT WORKING TO RELEASE CAPTURED AMERICAN

WASHINGTON, Oct. 27.—Prompt measures have been taken by the Mexican Government to effect the release of William O. Jenkins, American Consul Agent at Puebla, who is held by bandits for \$125,000 ransom, the State Department was advised Thursday from Mexico City.

The Mexican authorities, it was said, were acting on personal instructions from President Carranza. The nature of the steps taken was not disclosed.

The department's advice reported that a federal force sent in response to the American Embassy's representation formed a cordon around Jenkins' factory and arrested five employees. Twenty police agents went to Puebla from Mexico City and ten special military police were sent by the chief of the garrison at Mexico City under orders to co-operate with the Puebla authorities.

In addition to the instructions telegraphed by President Carranza from Queretaro, the advice said the Mexican Foreign Office had telegraphed instructions to the authorities at Puebla.

Urgent representations were sent to the Mexican Government by the State Department as a result of the kidnapping.

It was learned here that Mr. Jenkins was kidnapped last summer and held for \$25,000 ransom, which was paid, and his ranch at Puebla was raided by bandits, the manager murdered and considerable stock stolen. The bandits were reported to have been part of a band under Carilo Arenas.

THRIFT CAMPAIGN BEARS FRUIT

Savings Deposits in fifty-eight savings banks in the state of Vermont showed a gain of more than three million dollars in the period from April 15 to June 30, according to figures recently made public.

Credit for the increase in savings by the people of Vermont is given by bankers and state officials to the educational work conducted by the Government in floating War Loans.

Vermont is now congratulating her population upon their habits of thrift. Going to the bank to buy Thrift and War Savings Stamps has been the direct cause of any new savings accounts being opened, it is asserted.

Now Vermont is getting ready to help combat the high cost of living by urging more and more savings and greater and more systematic investment in the securities the Government is still offering the people—War Saving and Thrift Stamps and Treasury Savings Certificates.

To Save Pencils.

A great saving of lead pencils may be effected by using metallic pencil holders which can be bought at the stationer's for 10 or 15 cents. In this way you will get the use of almost the entire length of the pencil. Ordinarily about one-third of the pencil goes to waste. An ordinary stenographer or clerk will by this plan save about 80 pencils a year.—Thrift Magazine.

# NORTH CAROLINA TOBACCO SALES BREAK RECORD

RALEIGH, N. C., Oct. 24.—North Carolina's riches in tobacco are reflected in the September sales which reach the enormous total of 79,220,071 pounds.

They do not quite break the record for pounds sold, September of same month last year 72,934,420 pounds were sold. But it is highly doubtful if both months combined exceeded the money exchanged as the result of the sales this year.

Certain it is that since the world began no such prices have been received. The prices paid for loose leaf are higher than fifteen years ago was the manufactured article. High grade plug and smoking tobacco did not bring more than the warehouse goods.

The average price paid in North Carolina last month was \$41.10 a hundred. That made the September crop sell for more than \$30,000,000 a rough calculation showing the reported crop to have been about \$32,000,000. This is more than the entire sales amounted to ten years ago.

The lowest prices paid were on two markets in adjoining counties, Robinson and Columbus. Fairmont sold at an average of \$15.76 and Fair Bluff, in Columbus County, where money run is high, paid only \$18.70. Durham sold nearly 1,300,000 pounds and received an average of \$70.87.

The prices indicate what tobacco men have been saying always this year—that whatever the damage done to the crop by water and wind, the prices this year will exceed all the records yet made.

Tobacco is a \$100,000,000 crop in North Carolina. If the present prices are sustained and the estimate stands up, North Carolina will sell \$150,000,000 worth in the 1919 and 1920 season.

# FILES SUIT TO PREVENT PRINTING SURPLUS BALLOTS

Frank Daugherty, Democratic nominee for Attorney General, has filed suit against the County Clerk of Harlan county to prevent him from having more than 3,500 ballots printed. He bases this estimate of the required number of ballots on the number of votes cast in the election in 1918. Mr. Daugherty says the County Clerk has paper enough for 8,000 ballots.

Secretary of State Lewis said he had to place the order for the paper last June and that he estimates the quantity on the highest number of votes ever cast in the county, which was in the Presidential election. He said that at that time he had no definite information as to the number of party tickets that would be filed and that, to be on the safe side, he ordered enough to take care of five party tickets. The County Clerk should use discretion in deciding upon the number of ballots, he said.

### CENSUS EXAMINATION CARDS MAILED TO 300 APPLICANTS

Cards of admission to examinations were mailed Wednesday by the census supervisor of the Seventh Congressional District to each applicant for enumerator in the district, aggregating approximately 300.

Samuel H. Dailey, who is in charge of the clerical work of the census, explained Wednesday that some persons apparently confuse the census examination with civil service examination. They should differentiate between these two, according to Mr. Dailey, who said any person of average ability and education should, with care, pass the examination which those applying to act as enumerators are required to take.

Up to date there have been about twenty-five applications from Paris and Bourbon county for positions as census-taker for the county.

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

### Learn to Talk.

All very well, to quote the old saying about speech being silver, but silence golden. Learn to talk, if you want to get on in the world. There are some folk who talk too much, it's true, but they are better than those who are mute and wrapped up in themselves. A wall of reserve isn't at all a pleasant thing to come up against.

Many a man is praying for grace to bear his trials who needs just sand to shake them.

### KENTUCKY CROP REPORT

[Issued October 8, 1919]

Crops as a whole are under average, due to late spring and poor growing conditions. The drouth has affected every part of the State, and while some of the late maturing corn is coming out, yet as a whole the corn crop is not up to normal. The estimated average yield of corn this year is 23 bushels per acre as compared with 25 bushels average in 1918, which also was a dry year. The quality is given at 85 per cent. The estimated production for the State according to above estimates would be something over 77 million bushels.

The final estimate on wheat makes an average of 10.5 bushels per acre or a total estimated production of 10,983,000 bushels. This is considerably less than last year, but while the State average was increased, the production averaged 2 bushels less per acre this year.

Condition of Burley Tobacco is given at 75 per cent. with an estimated average yield of 708 pounds per acre with about 75 per cent. of crop housed. Condition of Dark Tobacco is 81 per cent. and an estimated average yield of 794 pounds per acre with 67 per cent. of the crop housed. The total number of pounds of all tobacco produced is given on the preliminary estimate to be 413,801,000 pounds.

Hemp is an especially short crop, with small acreage, and the few estimates received on this would indicate a light yield.

Yield of potatoes is indicated to be 59.5 bushels per acre with conditions given at 72 per cent., indicating a production of 4,165,000 bushels this year, while sweet potatoes yield is estimated at 91 bushels per acre with condition of 87 per cent., indicating a State production of 1,092,000 bushels.

Grasses show as follows: Blue Grass, 69 per cent.; Clover, 68 per cent.; Orchard Grass, 80 per cent.; Alfalfa, 75 per cent.

Third cutting of alfalfa averaged 1.02 ton per acre.

Pastures are dry, but have greatly improved the last month.

Stock water is scarce in many localities. Condition of live stock is given at 88 per cent.

The acreage planned for fall wheat is only 74 per cent. and with but little seeding done. This is about thirty-three per cent. less than last year's acreage. Reports would indicate that 11 per cent. of acreage planned had been sown October 1st.

The preliminary estimate on acreage of rye is 89 per cent., which is about the same as last year.

While wheat acreage is materially cut, seeding is still in progress. Many farmers are seeding to rye and barley for cover crops. More and more ground limestone is being used as the farmers realize fully the value of its application to our soils.

MAT S. COHEN,  
Commissioner of Agriculture.

### AN AGREEABLE SURPRISE.

"About three years ago when I was suffering from a severe cold on my lungs and coughed most of the time night and day, I tried a bottle of Chamberlain's Cough Remedy and was surprised at the promptness with which it gave me relief," writes Mrs. James Brown, Clark Mills, N. Y. Many another has been surprised and pleased with the prompt relief afforded by this remedy.

### EPISCOPALIANS TO DENY BALLOT TO WOMEN.

Woman are unlikely to be given a voice in the legislative bodies of the Protestant Episcopal Church by the present triennial general convention. In several dioceses women already have been given seats in legislative organizations, but this is authorized by the general church body, it is declared.

Appointment of a commission to make inquiry into the whole status of women in the church has been authorized and it is to report at the next general convention, with recommendations for legislation.

### JAMES STUCKY SAYS, "RAT COST ME \$125 FOR PLUMBING BILLS."

"We couldn't tell what was clogging up our toilet and drains. We had to tear up floor, pipes, etc., found a rat's nest in basement. They had choked up pipes with refuse. The plumber's bill was \$125. RAT-SNAP cleaned the rodent out." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by the Farmers' Supply Company.

## Give the world the once over

LISTEN, fellows, to some straight talk. Many a man when he gets to be 40, misses something. He may have lots of money, and a fine family but—

He never "got out and saw things". After he gets settled down, it's too late.

Every man wants to see the world. No man likes to stand still all his life. The best time to TRAVEL is when you're young and lively—right NOW!

Right NOW your Uncle Sam is calling, "Shove off!" He wants men for his Navy. He's inviting you! It's the biggest chance you'll ever get to give the world the once over!

The Navy goes all over the world—sails the Seven Seas—squints at the six continents—that's its business. You stand to see more odd sights, wonderful scenery and strange people than you ever dreamed of.

You'll work hard while you work. You'll play hard while you play. You'll earn and learn. You'll get, in addition to "shore-leave", a 30-day straight vacation—which is more than the average bank president can count on.

You can join for two years. When you get through you'll be physically and mentally "tuned up" for the rest of your life. You'll be ready through and through for SUCCESS.

There's a Recruiting Station right near you. If you don't know where it is, your Postmaster will be glad to tell you.
